

**4ART**Technologies  
THE NEW STANDARD IN THE GLOBAL ART MARKET

Making **4ART**coins visible in MyEtherWallet

## **Trading the 4ARTcoin will now be even safer and easier!**

**4ART**Technologies recognized the advantages of cryptocurrencies very early on and created its own cryptocurrency in 2018/19, which can be used as a means of payment. It can now also be used for payment in 4ARTapp, to the benefit of users and investors alike. Thanks to 4ARTcoin, trade and service transactions in the global art market can be discounted, simplified and accelerated, all without transaction or currency losses. In order to expand the range of possible applications, 4ARTcoin will now also be admitted for trading on the renowned Bittrex trading exchange on 16 June 2020.

### **Innovation in the art and crypto market - a powerful combination**

In order to make trading 4ARTcoin on the Bittrex trading exchange even more secure and easier for you, we have further improved our crypto currency for the art market and optimized it according to the latest standards.

Imagine that you would receive new banknotes with better materials and security features from the central bank in exchange for your banknotes. We perform the same upgrade digitally with the 4ARTcoin. However, you don't have to go to the bank in person to exchange them. Instead, you can obtain your technically improved 4ARTcoins quickly and easily by exchanging them for your existing 4ARTcoins on the following portal:

**<https://upgrade4artcoin.4art-technologies.com>**

Your previous 4ARTcoins will still retain their full value and validity even if you do not exchange them. In addition, the existing 4ARTcoins can be traded and transferred directly between owners of ether wallets as before without any worries or barriers. For most owners of the 4ARTcoin nothing changes.

### **You only need the the upgraded 4ARTcoins if you want to trade them on the Bittrex Exchange.**

If you have any questions about the 4ARTcoin or need help with the exchange of your existing 4ARTcoins, our team colleagues will be happy to assist you. Either by email at [support@4art-technologies.com](mailto:support@4art-technologies.com) or by phone at +41 41 781 00 37

Monday to Friday from 9 a.m. - 6 p.m.

4ARTTechnologies has been named one of the top 50 companies in Crypto Valley for 2 years in a row by CV VC and the management consultancy "PwC Strategy&" for its success in the areas of art and blockchain.

We are proud to have customers and partners in over 61 countries and are looking forward to meeting you...
